## **Transparency Disclosure: Greece**

### **Incyte Commitment to Transparency Reporting**

### **Reporting for Calendar Years 2024 and 2025**

For the calendar years 2024 and 2025, Incyte confirms that all transfers of value (TOV) in Greece were exclusively related to Research and Development (R&D) activities. No other types of transfers of value were provided, ensuring that all financial interactions during these periods were strictly for R&D purposes.

#### **Disclosure of R&D Transfers**

In accordance with relevant transparency requirements—including article 66, paragraph 7 of Law 4316/2014 as currently in effect—all R&D-related transfers of value are disclosed on an aggregate basis. This approach ensures compliance with legal obligations and maintains clarity and transparency in reporting practices.

**Total R&D Aggregate Spend in Greece for 2024: EUR 374.520**

**Total R&D Aggregate Spend in Greece for 2025: EUR 435,108**

#### **Public Accessibility of Disclosure**

This disclosure will remain publicly accessible on Incyte's website for at least three (3) years, in accordance with Greek transparency requirements.

#### **Contact and Information**

Any queries regarding Incyte Greece reporting, or requests for corrections, should be addressed to [Transparency@incyte.com](mailto:Transparency@incyte.com).
